

# Got spare time?

**Do you, or does someone you know have some knowledge they would like to share?**

Lockwood School would like to add Adult Education classes to our community. Adult Education helps to not only engage the community to come together to learn new tricks or trades, but also encourages our younger generations to keep pursuing knowledge of any degree.

If you are interested in hosting a class and making a little extra cash on the side, please contact Kacee Swoboda at 406-252-6022 Opt. 4
